### TRUE ECONOMY.

Everyone must practice true economy to succeed in life. But it is no economy to buy "shoddy" articles. Bad flour, bad butter and bad food of any kind are not economical, but are a waste of price; a thousand times worse. "Shoddy" means that products are shoddy, but makes the patient worse. As the best food is the cheapest because it is nutritious and strengthens the whole system, even in small quantities, it is plain wisdom, when you have the means, to buy the best. Therefore, always keep in mind these ten *So id F. C.*

"There is more real solid gold in one bottle of HUNTE'S (Kidney and Liver) REMEDY, for the disease it is prepared to cure, than in all the gold ever coined."

"Huntes' Remedy regulates and invigorates the Liver, Stomach, Kidneys, Bladder and Urinary organs, or as a man's kidneys and bladder will."

"It will prevent, as well as cure, Malaria, Fevers and Rheumatism, and all diseases which come from impure blood. Keep the fountain and the spring that supply it pure, and the stream flowing therewith will be healthful and life giving."

"Special and interesting cases of the disease are often cured by our Huntes' Remedy."

"Hunt's (Kidney and Liver) Remedy purifies the Blood, thereby keeping the Kidneys, Liver, Stomach, Bladder and Urinary organs vigorous with life and action, causing them to fit for the system the most precious wages which brings about the cure."

"It removes the seat of the disease at once—removes the cause; stimulates and assists the action of the Kidneys, Liver and Urinary organs."

"It cures the disease of the Liver and Liver Remedy, as will fit no physician to prescribe the loss of a pif-choo balm. It will cure Female Weakness and prevent monthly suffering."

The life is the blood—Prevent Disease—Surgery is the last resort—A

There is a fact for you to think over, viz.: Medical science proves that you can never know for certain what you seem to have profited from comparatively few cures. It is for this reason that some simple remedies are of course so widely used, and some—of course—directly opposite in their nature. When a medical preparation acts upon one of the digestive and urinary organs, and also upon the blood, it is not to be expected that its effects can be established. But, while many things are said to possess this power, those which actually do exert it are few indeed.

Dr. KENNEDY'S FAVORITE REMEDY, of Ronout, N. Y., is the most effective preparation now in use for all diseases of the liver and kidneys.

It is more than likely that if the writer of the letter had faithfully taken "FAVORITE REMEDY" ten years ago, he would never have been forced to write.

PHIFIELD, Mass., March 22, 1884.

Dr. D. Kennedy, Ronout, N. Y.: I was obliged to resort to exterior treatment for the removal of a cancerous growth on my lip. On my return home I became sensible that my food needed a change, and so I took a diet of raw fruits, and avoided toning up. While casting about for the best medicine to your "FAVORITE REMEDY," was so highly commended, I made an application to Dr. D. Kennedy, and he advised me that it was effed so quickly and completely. I soon got over the depression produced by this operation, and am now in full health again.
